

## FOR A NEW ADDITION

Survey Is Made for Lots in South Wichita

LOCATED NEAR CITY PARK

Is First Proposed Addition for Several Years.

For the first time in perhaps ten years, an addition to the city of Wichita has been surveyed and a plat of the same is being made by County Surveyor Ransom H. Brown. The tract is in the south part of the city and adjoins the city's new park on the south. The addition will be known as the Good and Cline addition and will contain twenty-two lots, eleven facing on Topoka avenue and eleven facing on Lawrence avenue. The tract has been owned by the two gentlemen for some time, in fact since the boom and they preferred to let it remain without being surveyed into until the property in Wichita should reach a higher value for residences. Some time ago, the city council determined to have another park and the portion on the north, a block, was purchased for this purpose. This was done through the efforts of Mayor Ross and Councilman Parkhurst from that ward and after the securing of the park the owners of the other portion of the property conceived the idea of having the lots surveyed and platted.

The ground extends north from Zimmerman street to the city's new acquisition. For several years the ground has remained untended with the exception of perhaps of some small garden patches and the visitor to that portion of the city always asked why houses were never erected on that ground.

Very few people realized that it had never been surveyed into lots and supposed that it had been owned by eastern parties who had purchased the land during the boom and did not care to sell it until property values advanced.

The matter of placing the new addition in the city will probably be made within the next few days. There is one fact, however, which makes the proceedings very peculiar and that is that the tract of land is entirely surrounded by city property. It seems strange to take new lots into the city when it is surrounded by other city real estate.

**BOUGHT FROM CLEARWATER**  
Frank Bertrand Arrested for Appropriating Money.

Frank Bertrand was brought in from the western part of the county yesterday on the charge of having taken \$300 from the house of John Haberly of Clearwater, Kan.

Before the street fair Bertrand worked for Mr. Haberly. During the street fair week he quit work and went out to his home north of Cheney. A few days after he was gone Mr. Haberly missed the money. Bertrand was arrested on suspicion. He seemed to be surprised when the officer served the papers on him. He said last night that he was innocent of the charge.

**MAY ADD NEW FEATURE**  
Improvements for Topoka Avenue Brick Barn Planned.

A new feature may be added to the brick livery stable to be built on North Topoka avenue. This is the placing of equipment for the handling of carriage work and the shooting of horses. The barn will be run on a large scale and the fact of having workmen who could take care of both departments would be a great saving for the barn. This idea, while yet in an untested state, owing to the non-completing of the building will be further considered before the building is completed.

**HEADS AGENTS LIST**

Mr. C. H. Lulline, local agent for the New York Life Insurance company, yesterday received a telegram from that company advising that he had been elected agent in the amount of business done for the month of September. The notice came as a surprise to Mr. Lulline, as he had no idea of leading the list of agents in the amount of business for that month. The territory embraces the United States in the matter of competition and the no-

## THE RIGHT THING.

A New Catarrh Cure, Which Is Rapidly Coming to the Front.

For several years, Eucalyptol, Gualacol and Hydrastin have been recognized as standard remedies for catarrhal troubles, but they have always been given separately and only very recently an ingenious chemist succeeded in combining them, together with other antiseptics into a pleasant, effective tablet.

Druggists sell the remedy under the name of Stuart's Catarrh Tablets and it has met with remarkable success in the cure of nasal catarrh, bronchial and throat catarrh and in catarrh of the stomach.

Mr. E. N. Banton, whose address is care of Clark House, Troy, N. Y., says: "When I run up against anything that is good I like to tell people of it. I have been troubled with catarrh more or less for some time. Last winter more than ever. Tried several so-called cures, but did not get any benefit from them. About six weeks ago I bought a 50 cent box of Stuart's Catarrh Tablets and I am glad to say that they have done wonders for me and I do not hesitate to let all my friends know that Stuart's Catarrh Tablets are the right thing."

Mr. Gray, J. Canavan of Hotel Griffin West 5th street New York city, writes: "I have commenced using Stuart's Catarrh Tablets and already they have given me better results than any catarrh cure I have ever tried."

A leading physician of Pittsburgh advises the use of Stuart's Catarrh Tablets in preference to any other treatment for catarrh of the head, throat or stomach.

He claims they are far superior to inhalants, salves, lozenges or powder, and are much more convenient and pleasant to take and are so harmless that little children take them with benefit as they contain no opiate, cocaine or any poisonous drug.

All druggists sell Stuart's Catarrh Tablets at 50 cents for full sized package and they are probably the safest and most reliable cure for any form of catarrh.

There is no small complaint for Wichita's agent.

The editor of the Fordville, Ky., Miscellaneous, writes as a postscript to a business letter: "I was cured of kidney trouble by taking FOLEY'S KIDNEY CURE." Take nothing else. G. Gehring, 400 E. Douglas; Geo. Van Werden, 323 N. Main; Wichita Drug Co., 119 E. Douglas; Gus Saur, 324 E. Douglas.

## MONDAY

POSTMASTER GENERAL SMITH GOES TO WICHITA.

Big Meeting of Campaign in Auditorium at Night.

On next Monday night at the Auditorium will be held one of the largest meetings of the present campaign. The speaker will be Charles Emory Smith, postmaster general from Washington, and J. M. Dunsmore of this state. Mr. Smith will arrive in the city Monday night and will have the latter part of the evening, Mr. Dunsmore speaking thirty minutes at the opening.

Charles Emory Smith is one of the most brilliant speakers in the west during the campaign. He has been in Wichita. He had a large audience and every person who heard him at that time will be in touch with his administration. He realizes the importance of what he talks of to his audience. No man better informed on the national questions comes to this city and the person who wishes information presented in a splendid manner can have perfect satisfaction in hearing Mr. Smith.

Mr. Smith is a Pennsylvanian. He came from a state that has many sons in this city. The old soldiers with their ceaseless enthusiasm will be present and they will force their age and scars as the speaker graphically pictures the present situation.

The young men's organizations of this city will be present. They are filled with enthusiastic young men and they know when they are pleased. Mr. Smith will be pleased to see them, for he realizes the position of the young man in this nation. Not only will the organizations of this city be present, but those of the surrounding portions of the county. They are anxious to hear the speaker, and for that reason they are coming as an organization and will help swell the crowd at the Auditorium.

J. M. Dunsmore, perhaps known as the "Bad Boy" of the campaign, will have the thirty minutes at the opening of the meeting and what he will say won't be tame. Dunsmore is posted on Kansas politics and can give information regarding the political situation that the local politician never dreamed of. He was in the legislature, and to think of him in that connection brings out the thought of what happened the year when he presided as speaker of the house of representatives.

The combination of the two will make an evening that will be long remembered in the city. As was said by one Wichitan yesterday, "I heard Smith when he was here before and I would not miss hearing him again if I could possibly get to the place of speaking. This is the sentiment of others."

Has a Joint Debate With Populist Speaker at Turon.

Mr. S. S. Ashbaugh of this city has been making speeches over the adjoining counties under the direction of the Republican state committee and the last few nights has been in Reno county.

At Turon a joint debate was arranged between Mr. Ashbaugh and a Populist speaker. A special dispatch to the Eagle from Hutchinson says:

"Charles Cline ran up against the real thing last night at Turon. The Populists had a meeting announced for that date for him and S. S. Ashbaugh was likewise billed for the same time and place. A joint debate was fixed up. They went at it. Cline is a spellbinder from Michigan university, but the Wichita lawyer was entirely too much for him. Cline got such a drubbing and was so inferiorly defeated that he didn't want to debate any more this season. The Republicans of Turon are happy."

**TROUTMAN AT MULVANE**

Republicans Held a Large Meeting There Last Night.

The Republicans of Mulvane held an enthusiastic meeting at that place last night. It was one of the largest meetings of the campaign in that section of the country. Mr. James A. Troutman of Topeka was the speaker and his speech set the audience wild with enthusiasm. The Republicans of Mulvane and vicinity are rejecting over the present prospects.

## HE SIZES IT UP

Mr. Gibson of Philadelphia Is in Wichita.

HOW ELECTION IS GOING

What He Says About Probable Results in Several States.

In common with all other Kansas Republicans the local Republicans of Kansas are now eager for news from New York.

Yesterday they received definite, firsthand and assuring news from an eastern man. This was Mr. E. J. Gibson of the Philadelphia Press.

Mr. Gibson is one of those discriminating newspaper men who can winnow facts from buncombe, sift substance from bombast. For years he was New York state political man for the New York Tribune; he has been also the Philadelphia Press' manager in Washington, and before the outbreak of the Spanish war he was correspondent in Havana, where he met and knew Leo Roginsky, formerly of Wichita, now of the New York Herald.

Recently the Philadelphia Press sent Mr. Gibson out to visit what states he would and try to discover the trend of political affairs in each. He has been in half the states and this is what he said yesterday to the Eagle:

"Occasionally I find in the west Republican assured of success in their own vicinity who express an anxiety about New York. Now, there is no question about New York. It is going Republican. Tammany cannot by any device roll up a sufficient majority in the city to overcome the Republican majority in the state. This is the belief in New York."

The Republicans there are considered to have not the shadow of a doubt about carrying the state. You know what a fight Tammany made against Roosevelt and for a Tammany man, in 1898. That was a state election year. In this presidential year Tammany will be powerless to repeat the showing it made then. Whatever anxiety about New York may be felt in the west is not shared by the people of New York. The state is absolutely certain for McKinley.

"All the electoral votes of Washington, Oregon and California are for McKinley and Roosevelt. You will not find this disputed when you arrive on the ground, to any great extent or with any spirit by the Democrats themselves. The Pacific coast people are the most rampant expansionists you find in the nation."

"The Republicans have Wyoming secure, and a fighting show in Utah, for at Salt Lake City the Republicans assert they will carry the state for McKinley."

"And in Colorado?"

"The Republicans have a chance in Colorado. The change in government in that state is soon to be determined. Senator Walcott, with whom I have talked, is convinced that it is going to give its electoral vote to McKinley and Roosevelt."

"And Nebraska?"

"Nebraska may go one way or the other. It is a hard fight and a very close state so far as I could determine. The Republicans are confident they will carry it. The Democrats are confident they will carry it."

"South Dakota?"

"South Dakota will give its electoral vote to McKinley and Roosevelt."

"What do you know about Indiana?"

"I have not been in Indiana to study the situation and cannot say."

"What do you say of the whole nation?"

"Put it in the Eagle that the election is dead sure for McKinley. One cannot pass across the nation and make a conscientious, unprejudiced canvass so far as a single individual can make one, without becoming convinced of this. I have waited until the campaign shaped itself, remaining in Chicago until I felt that the general lines of campaign had been formed, and I am as confident, as a mortal can be, that McKinley is today overwhelmingly elected."

After Mr. Gibson arrived in Wichita he discovered that the editor of his paper, Postmaster General Smith, is to be here next Monday. Mr. Gibson will not remain until then, but will depart for the east this morning. He attended Mr. Debs' meeting last evening.

**FAIRMOUNT AND WELLINGTON**

Football Teams Contest Today on Fairmount Campus.

This afternoon at the Fairmount college will take place one of the hardest fought football games of the season. The contest is between the Fairmount college team and the Wellington, Kan., eleven.

Both teams have been devoting much time during the past week to getting into condition. These two eleven have met on the gridiron before and the contest today will be closely watched by their friends.

Early in the game the Fairmount boys played the Wellington team to a standstill and these people have an idea that they would take the next game from the Fairmount boys. The Fairmounters, however, have a different idea and the result of today will cause hard work for both teams.

The Wellington men arrive in the city this morning and will be met at the depot by a delegation of Fairmount students. They will be taken out to the college and will rest there until the game. The car service will be doubled for the afternoon. Two cars leave the corner of Main and Douglas at 2:15 and will run direct to the college.

The lineup is as follows:

Fairmount: Left end...Lawrey; Left tackle...Showalter; Left guard...Ridder; Center...Bullock; Right guard...Barry; Right tackle...Sparks; Quarter back...Petersen; Full back...Campbell; Half back...Roberts; Three backs...Price; Substitutes...For Fairmount: Bostick, Smith, Hefner, Foster, Rogers, Wellington: Young, Denahue and Bailey.

## IS IN THE ORIENT

Ed Allen, a Wichitan, Has Interesting Experiences.

HE TRAVELS IN JAPAN

Finally Ends Up in the U. S. Army at Manila.

Wichita has produced boys who have seen all parts of the world and among the eightseers is Ed Allen, who was reared in this city. He is a brother to Bert Allen of Goldsmith's book store. Mr. Allen has been in China and Japan and the story of his life is very interesting.

While in Japan he was taken very sick with fever and was left there by a companion. He had no means but after his recovery he finds a ticket and money for another station and this is continued until he reaches friends.

The manner in which he reaches the Orient is interesting.

At the end of Mr. Allen's freshman year in college he went to New York to take a place in some office work for the Tribune during vacation. The position, however, promised him was given to some one else and Ed somehow stumbled on a man looking for a companion to the Orient and engaged instantly.

The next train saw them off for San Francisco, from where the Wichita friends received a few words. The next word was from Nagasaki, Japan. Here he was taken with typhoid fever and went to the hospital. The companion went on to China. When Ed was able to travel he found a ticket for Hong Kong and \$10 with instructions to look work for the Tribune during vacation.
